

Jeremiah Krage

- Showreel Breakdown -

Neal the Sloth

CGI character for Sofaworks ad campaign

2014

Created physical performance sequences to act as a reference for the CGI animation team.

Researched and created a physical vocabulary identifiable as being sloth-like, with scope for expressive and playful performances as required by the client.

Next Big Thing

Full-body skin creature for BBC Radio 1's Next Big Thing campaign

2013

Worked with fabricators to feedback on costume construction and performance.

Devised physical vocabulary and choreography specific to the Big Thing, and performed all movement sequences.

Zak

Lead character in CBeebies children's programme 'Zingzillas'

2008-2012 105 episodes over 4 series

Performed in full-body skin with animatronic head, performing to in-ear recording and feedback.

Devised movement sequences and worked to choreography with limited vision.

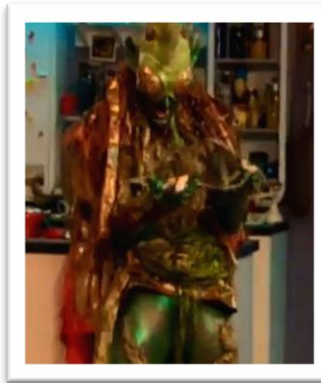

The Prince

Guest character on CBeebies children's programme
'Nuzzle and Scratch.'

2010

Highly physical, slapstick-style character performing with children and puppets.

Alien Twin and Bug

Guest characters in CBBC children's programme
'Pixelface.'

2010

Appearing in two episodes, working with prosthetics and full-head masks.

Creating character-specific movement styles, working on intricate sets and green screen.
